

**TITLE: It's Possible: RAMPing as a Solitary Counselor**

**PRESENTER: [Scharen Collingwood](#)**

**DESCRIPTION:** The RAMP process seems daunting, especially if you are the only counselor at your school and you don't know anyone who has RAMPed their program. This session provides information about how one counselor in a small, rural school district achieved RAMP certification. Topics will include starting the RAMP process, including stakeholders, creating an advisory council, and how to avoid losing points on your RAMP application.
